### COVID – 19 UPDATES

Numbers continue to decline here at WRC. As of June 1<sup>st</sup>, we have 4 positive cases. We have had ZERO new cases since 5/4/2020. We currently have ZERO staff infected.

We would like to give a big **THANK YOU** to our loyal staff!! They have put in countless hours to ensure our residents are being taken care of.

### REOPENING OUR FACILITY

We are all anxiously awaiting the reopening of our facility to families and guests. Please be patient with us as we must follow the CDC, IDPH, and DIA guidelines. This is going to be a slow process as we will start opening the inside of the facility first before we open it to the outside. As soon as we can allow any kind of face to face visits, we will let you all know.

**COVID - 19 RECOVERIES!!!**
