

# PHASE 3

Since Simpson's West Liberty campus has been Covid Free, we have moved into Phase 3 of the re-opening process. This phase allows residents to move about more freely, enjoy dining in the main dining room, and avoid quarantine situations if they go out for an appointment. Previously in Phase 1 & 2, if a resident went out to a doctor's appointment or similar event, they would have to be quarantined for 14 days in a room by themselves upon return. Naturally this was a major inconvenience to the resident. Now in Phase 3, upon return, residents are under "observation" for signs or symptoms for 14 days and no longer quarantined.

Family visits can now be scheduled Monday – Friday by calling Laura White or Michelle Wheeler to schedule a 30 minute time slot. Currently we are doing outdoor visits on the front patio / porch. If the weather is uncooperative, we do have an indoor area designated. Due to personnel restrictions, we are not allowing weekend or evening visits. All visits must be conducted Mon-Fri 8:30am – 3pm and ALL visitors will be screened for signs and symptoms prior to visiting. If Covid-19 does find its way into our campus, we will be going back to the most restrictive of phases, Phase 1.

Therefore, it is **EXTREMELY IMPORTANT** to wear a facemask and social distance at all times when around other people, especially our older adults. If you have any signs or symptoms of Covid-19 or any other illness, please **DO NOT** come for a visit, simply reschedule. It is not worth the risk. –Clifford McFerren, Assistant Administrator

# VISITORS ARE MEDICINE

The Owens Family visit outside on a beautiful summer afternoon. Kevin Mueller, Maintenance Director fashioned this screen to allow visitors to see and talk to family or friends without risk of transmission of Covid-19

Celebrating Farmer Fridays, Assistant Administrator McFerren cooks for staff courtesy of the Rotary Club of West Liberty - whooweeee!

## AUG. BIRTHDAYS
